Prepare

It's decision time. Gather all the information you need by exploring our website, picking up an Adelaide University study and career guide, and reaching out to us if you need. Choose what degrees you're most interested in and ask yourself questions like:

- ▶ Do I like the courses in the degree?
- ▶ Does it lead to the careers I want?
- ▶ Do I meet the prerequisites and entry criteria?

Armed with your list of preferences, you can now apply to study at Adelaide University through the SATAC website. If you need help with your application, contact our Future Student Enquiries team for support.

☆ TIP
Remember to list your preferences in order of what you're most passionate about, not based on your ATAR. How you list your preferences is how SATAC will provide offers (by working down the list).

In your SATAC application, make sure you use your own mobile number and a personal email address – one you can access after high school.

And, don't forget to apply before the early application deadline to avoid a late fee.

Check to see if you're eligible for adjustment factors (bonus points) and confirm your Selection Rank (ATAR, including adjustment factors), by visiting SATAC's self-service portal. Then, give our Future Student Enquiries team a call to talk through your study options.

You could be eligible for Guaranteed Entry into your preferred degree (see page 1).

It's also important to confirm your preferences by the change of preference deadline to be considered for an offer.

☆ TIP
Remember to pay your SATAC application fee. If you don't, you won't be eligible to receive an offer.
