Acknowledgement of Country

We respectfully acknowledge the Kaurna, Boandik, and Barngarla First Nations Peoples and their Elders past and present, who are the Traditional Owners of the lands that are home to our campuses across Adelaide and South Australia.

Launching Adelaide University in 2026

A new university with a rich history, Adelaide University is purpose-built and future focused – a place for outstanding educators, researchers, thinkers, innovators and entrepreneurs.

Education and research can empower communities. Adelaide University is rising to the occasion by delivering nation-leading curriculum, exceptional student experiences, greater access to education, world-class research excellence and strong industry partnerships.

Our ambitions

Member of the Group of Eight

Australia's leading research-intensive universities

Top 5 nationally for student experience

To be ranked in Australia's top 5 universities for student experience

Top 1% of universities worldwide

To be sustainably ranked in the top 1% of universities globally

Second largest educator of low-SES students nationally

Top in Australia for student employment

To be ranked as the best university nationally for student employment outcomes

One of Australia's top 5 educators of regional and rural students

The Adelaide Attainment Model

We're transforming how you'll study by reimagining the teaching and learning experience. The Adelaide Attainment model is designed for the contemporary learner and supports flexibility and engagement.

Stackable degree structures

- Enables multiple entry pathways and multiple transition points creating personalised study journeys.
- Provides greater flexibility to support study-life balance.
- Easier credit transfers between degrees.

Digitally rich learning environment

- Enhances accessibility and flexibility through the latest digital technologies.
- Provides instant content delivery and active-learning and collaboration.

Integrated learning in industry and community

- Engage in real-world industry, community and professional settings.
- Opportunities for internships, placements, community projects, volunteering, or global study experiences.
- Connect with professional networks while you study.

Common Core courses

You will be able to select Common Core courses from knowledge areas most valued by employers, including:

Artificial Intelligence:

Introduces the fundamental principles, techniques, and real-world applications of AI.

Data Knowledge:

Explores data types, sources, and structures, best practices for collecting, managing and analysing data, and strategies for evaluating and communicating information effectively.

Entrepreneurship and Design Thinking:

Develops the tools and mindset to identify opportunities, develop sustainable solutions, and drive positive change.

Ethical Knowledge:

Uncovers the fundamental principles of moral reasoning and their application to real-world situations.

Intercultural Understanding:

Fosters cross-cultural communication and competency and a deeper understanding of how one's cultural background shapes life experiences.

First Nations Knowledge:

Learning and centring Aboriginal voices and ways of knowing, being and becoming.

Graduate qualities

Our curriculum design means you will graduate as a:

Lifelong learner:

Have enduring passion for personal and professional development.

Ethical Leader:

Do what is right over what is easy.

Strategic problem solver:

Approach challenges with analytical rigour and creative insight.

Global citizen:

Respect your role in the world and your capacity to enact positive change.

Resilient thinker:

Succeed by harnessing critical, creative and adaptable thinking.

Trusted communicator:

Articulate ideas effectively and inspire change.

Embedding First Nations knowledges

First Nations Knowledges are meaningfully embedded into all curriculum through careful and purposeful collaboration with Aboriginal scholars, academics, Elders, Communities and Knowledge Holders. Cultural safety, strengths-based approaches, and centering Aboriginal voices and ways of knowing, being and becoming are emphasised and integrated across all our study areas.

The Adelaide Academy

The Adelaide Academy provides a wide range of intercurricular, co-curricular and extracurricular activities across a range of areas, including personal discovery, equity and social change, innovation, leadership for the future, and widening perspectives as well as additional mentoring and work-integrated learning.

Equity

Adelaide University provides equity-aligned pathways to study and personalised support to remove barriers to education. This includes:

- An environment that supports diverse student participation.
- Equitable access to a world-class education for learners of potential.
- Advancing the access, participation and success of First Nations Peoples.
- Supporting you through your university experience to help you succeed in your learning and career journey.

Transformational teaching and learning

Enabling educational achievement

Adelaide University is a place for lifelong learners, thanks to our comprehensive and contemporary curriculum. Our teaching approach is shaped by our partnerships with industry and we have built work integrated learning into our degrees. Our learning practices are supported digitally while also being internationally connected and reflective of our research.

Fields of study

Adelaide University will offer more than 300 degrees across a wide range of in-demand disciplines. Our comprehensive suite of degrees will produce career-ready employable graduates, from all walks of life, aligned to disciplines and jobs in future areas of demand, including:

- Business and Economics
- Agriculture, Animal and Veterinary Science
- Architecture and Design
- Aviation
- Creative, Media and Communication
- Computer Science and IT
- Engineering
- Health and Biomedical Sciences
- Humanities and Social Sciences
- Law and Justice
- Mathematics and Data Science
- Medicine, Dentistry and Oral Health
- Music
- Nursing and Midwifery
- Property, Construction and Real Estate
- Psychology and Social Work
- Science and Environment
- Teaching and Education

Scholarships

For further information on scholarships visit: adelaideuni.edu.au/study/scholarships

Adelaide University is committed to providing educational opportunities by offering a range of scholarships. We're dedicated to ensuring students from all walks of life can access higher education. A scholarship could be the incentive you need to launch your future with us, and ensure you're prepared to step forward with confidence toward your career goals.

We're here to support your studies and help you thrive at university. Become the best you can be with an Adelaide University scholarship.

Adelaide University Vice Chancellor Scholarship

A scholarship rewarding exceptional academic achievers. Recipients receive a stipend of up to \$10,000 per annum and a 100% fee waiver for up to four years¹.

Adelaide University Future Leaders Scholarship

A scholarship recognising high academic achievers who demonstrate leadership potential and community service. Recipients will receive a stipend of up to \$15,000 per annum for the duration of the degree.

Adelaide University Aspire Scholarship

A scholarship acknowledging academic achievers who demonstrate leadership potential and community service. Recipients will receive a stipend of up to \$5,000 per annum for the duration of the degree².

Adelaide University Principals Scholarship

A scholarship rewarding students who have excelled in their school academically and exhibited qualities of active service to their school and/or community. Recipients are nominated by their school principal and will receive a stipend of up to \$3,000 per annum for three years.

Adelaide University Attainment Scholarship

A scholarship supporting students who demonstrate leadership and active community service within a work, academic or community setting and are commencing university studies through a non-ATAR or equivalent selection rank, ie. International Baccalaureate admissions pathway.

Adelaide University Career Catalyst Scholarship

A scholarship supporting students to develop their careers, with the support of an employer. Eligible recipients will receive a 30% fee waiver for the duration of their degree.

Adelaide University Postgraduate Grant

A grant for students looking to advance their career opportunities or change career direction by commencing a Master by coursework degree. Recipients will receive a one-off payment of \$5,000.

Adelaide University Access Scholarship

A scholarship supporting students who have demonstrated financial barriers to accessing post-secondary study. Recipients will receive an annual stipend of up to \$6,000 per annum³ for the duration of the degree.

Adelaide University Online Grant

A grant dedicated to students studying online and who have demonstrated financial barriers to accessing post-secondary study and/or reside in a rural, regional, or remote community. Recipients will receive a one-off payment of \$1,500.

Adelaide University Aboriginal and Torres Strait Islander Leaders Scholarship

A scholarship acknowledging exceptional academic achievement of Aboriginal and Torres Strait Islander students who demonstrate leadership potential or active service in their school or community. Recipients will receive a stipend of up to \$15,000 per annum for the duration of the degree.

Adelaide University Aboriginal and Torres Strait Islander Aspire Scholarship

A scholarship acknowledging academic achievement of Aboriginal and Torres Strait Islander students who show leadership or active service in their school or community. Recipients will receive a stipend up to \$5,000 per annum for the duration of the degree.

Adelaide University Aboriginal and Torres Strait Islander Student Scholarship

A scholarship supporting Aboriginal and Torres Strait Islander students who have demonstrated financial barriers to accessing post-secondary study. Recipients will receive an annual stipend of up to \$6,000 per annum³.

¹ Some degree exclusions apply.

² This scholarship is offered to students who have been shortlisted for the Adelaide University Leaders Scholarship but were not awarded the scholarship, or received a conditional offer but did not meet the 95 Selection Rank criteria.

³ Stipend amount will be awarded on severity of financial hardship.

Exceptional student experience

adelaideuni.edu.au/life-at-adelaide/student-life

Adelaide University celebrates diversity and student voices. Our vibrant and inclusive student community is a place for you to feel empowered, explore your passions and discover your purpose.

We're here to support you on your student journey, from day one. On campus and beyond, you'll have access to dedicated teaching and supporting staff, and a wide range of services.

Aboriginal student services

Culturally safe and dedicated support services including scholarships, study help, peer mentoring and more, are available to Aboriginal students.

Academic support

Whether you need general study guidance or more specific assistance, we've got you covered. You'll have access to writing, study skills and maths support, along with peer-led learning and 24/7 online support.

Access and inclusion

If you have a disability, impairment, chronic health condition, or significant caring responsibilities, you can access confidential and personalised advice, adjustments and support to help you reach your study goals.

Accommodation

Find your home away from home. We'll support you to find and apply for accommodation that's convenient, safe, accessible and right for you.

Career services

Prepare for a lifetime of success. Attend networking and industry events, build career planning and management skills, access job opportunities and more.

Counselling

Take care of your personal wellbeing with access to qualified counsellors on campus and online. Sessions are free and confidential.

Health clinics

Stay healthy by accessing a range of on campus health clinics at reduced student rates including GP services, physiotherapy, podiatry, psychology and more.

Orientation

Take the first step toward a fulfilling experience with our Orientation program. Join a campus tour, gain an understanding of your degree, meet people you'll be studying with and enjoy fun activities and events. You'll also be able to participate online.

Religious needs

Private prayer rooms are available across all our campuses. You can also join a faith-based student group or connect with a range of religious chaplains and pastors on campus.

Sports and fitness

Join a sports team, take a group fitness class, or hit an on campus gym or pool between classes. There's something for everyone to stay fit and feel good.

Student clubs, societies and association

Your student association is the voice and social heart of your student experience. With a wide variety of clubs and societies, you'll be sure to find your people and your passion.

Study 100% online

We're one of Australia's largest online universities.

Developed in consultation with industry, our 100% online degrees have been specifically designed for online learning. You'll have the freedom to study where and when it suits you with on-demand access to interactive and media-rich study resources.

From application to graduation, your online study journey will be fully supported. Our student support team is available over extended hours, ready to help you enrol, discuss your study goals, assist you in tailoring a personalised study plan or refer you to specialised support and career services.

You'll also have access to your dedicated team of experienced online teaching staff who will support your learning when you need it, even out of hours. Plus, our IT help desk is available 24 hours a day, seven days a week, so you can get help when you need it.

Studying online doesn't mean studying alone. You'll have opportunities to virtually connect with your peers and network with and learn from industry leaders and expert academics during your degree.

Unlock your potential and change your direction. Study a 100% online degree with Adelaide University.

adelaideuni.edu.au/study/online

Future-making research

Our researchers advance future-defining ideas and solutions.

They dream big, think deeply and challenge assumptions so we can make the world a better place. We forge dynamic partnerships, always collaborating to ensure our impact is transformative and enduring.

Operating on a large scale, we have more capacity for breakthroughs and a greater appetite for change.

Our research will transform South Australia's economy and accelerate its leadership on a global scale.

Our five signature research themes are founded on excellence and focused on impact:

- Creative and Cultural
- Defence and National Security
- Food, Agriculture and Wine
- Personal and Societal Health
- Sustainable Green Transition

Find out more about our research:

adelaideuni.edu.au/research

Pathways to Adelaide University

There are many ways you can gain entry into one of our degrees.

SELECTION RANK

Selection rank (ATAR plus adjustment factors)

If you have qualified for the South Australian Certificate of Education (SACE) or hold an equivalent recent year 12 qualification, including the International Baccalaureate Diploma (IB), and have achieved a competitive selection rank, you can use this as a pathway into university.

For the majority of our undergraduate degrees, you must not have completed more than 2 years full-time equivalent university study (48 units) to use your year 12 results.

Some degrees take additional factors into account as well as or instead of your ATAR, such as auditions, the University Clinical Aptitude Test (UCAT), oral interviews, etc.

Your Selection Rank (ATAR plus any applicable adjustment factors) will be used to compete for a place in a university degree.

GUARANTEED ENTRY

Guaranteed Entry

Choose your preferences with confidence.

We offer Guaranteed Entry for most undergraduate degrees. There's no need for a separate application – you're automatically considered when you list your preferred Adelaide University degree as your highest preference.

STAT

HIGHER EDUCATION GPA

ATAR based

You'll be eligible for an ATAR-based Guaranteed Entry place when you:

- Achieve an ATAR (including adjustment factors) that is equal or higher to the Guaranteed Entry score
- Meet any admissions criteria for your degree, for example a subject prerequisite.

Subject based

Did you achieve solid grades in year 12, but didn't get the ATAR you were expecting? You'll be eligible for a Subject based Guaranteed Entry place when you:

- Complete SACE (or equivalent) and have an ATAR of 50 or higher (not including adjustment factors)
- Utilise your best three grades from 20-credit subjects
- Meet any additional admissions criteria such as subject prerequisites.

VET STUDIES

If you don't achieve grades for guaranteed entry, you will still be considered on a competitive basis for available places in your preferred degree.

STAT (Skills for Tertiary Admissions Test)

Never completed year 12 or any other higher education? You may wish to use the Skills for Tertiary Admissions Test (STAT) to gain entry to university. The STAT is a two-hour, multiple-choice test designed to assess a range of skills and knowledge needed to study at university.

The Australian Council for Educational Research (ACER) coordinates the STAT. To sit the test, you'll need to be over 18 years old before 1 February in the year that you wish to commence study. If you have been enrolled in the last two years, you must not have completed more than two years (full-time) tertiary study in total. For more information, visit:

stat.acer.org/au

Higher Education GPA (Grade Point Average)

If you already have completed at least six months (full-time) of a recognised higher education degree at a recognised higher education institution, you can use your Grade Point Average (GPA) to gain entry to Adelaide University.

Internal transfer

Perhaps you gained entry to a degree that wasn't your first preference or, after completing a few courses, have changed your mind about what you'd like to study. You can use your GPA (or any eligible previous qualifications) to apply for what is called an internal transfer. This is an option available to students who may have already started studying in one degree and, for a range of different reasons, would like to transfer into another degree at the same university. Please note that not all degrees are available via internal transfer. If unsure, you can contact our friendly student advisors for assistance.

Vocational Education and Training (VET) Studies (Certificate IV or higher)

Have you completed a VET qualification at a Certificate IV or higher level? Your completed qualification can gain you entry to many of our degrees.

For students that have studied at either TAFE SA or other Registered Training Organisations (RTOs), most Certificate IV courses (including former Advanced Certificates or equivalent) meet the minimum entry requirements for a wide range of our undergraduate degrees. In some instances, a successfully completed Diploma or Advanced Diploma will be required to meet the minimum entry requirements.

Preparatory programs at Adelaide University

Adelaide University is committed to providing access to higher education for people from all backgrounds and circumstances in life, and we offer a range of preparatory programs to help you gain entry into your preferred degree.

Fee free tuition (a student amenities fee is required)

Our Foundation Studies and Aboriginal and Torres Strait Islander Pathway programs provide fee-free pathways to university, regardless of your educational experience. If you do not meet the required qualifications for direct entry into a bachelor degree, these programs provide alternative entry options while helping you adjust to the university environment.

Our preparatory programs set you up to succeed at university by building academic skills and prerequisite knowledge. You'll experience life as an Adelaide University student, learn from expert staff and have access to the full range of support services we provide.

Once you've successfully completed your program, you'll be able to transfer into one of Adelaide University's world-class undergraduate degrees.

Foundation Studies

Foundation Studies is a fee-free program with no tuition fees. A student services amenities fee applies to all university students which can be deferred through the Federal Government HECS-HELP loan scheme. This program supports students with no previous qualifications to learn the skills required for successful university-level study.

It is designed for a range of students, including those who may not have an ATAR, are from regional and remote areas, are first in their family to attend university or who may have spent extended periods of time away from formal education.

The Foundation Studies program is split into three blocks, with a series of entry, exit and transition points that cater to diverse educational backgrounds and your chosen destination degree.

adelaideuni.edu.au/study/degrees/foundation-studies

Aboriginal and Torres Strait Islander Pathway

Adelaide University is committed to becoming a university of choice for Aboriginal Peoples. Our Aboriginal and Torres Strait Islander Pathway is a fee-free program with no tuition fees. A student services amenities fee applies to all university students which can be deferred through the Federal Government HECS-HELP loan scheme. This program is offered also in regional areas, and provides culturally aware entry options and tailored study support. Like Foundation Studies, the Aboriginal and Torres Strait Islander Pathway is split into three blocks, with a series of entry, exit and transition points that cater to diverse educational backgrounds and your chosen destination degrees.

adelaideuni.edu.au/study/degrees/aboriginal-and-torres-strait-islander-pathway

Block 1: preparatory courses

The Block 1 courses develop your study skills, communication, critical writing, and research, including support in writing academic assignments, referencing and effective time management. These skills and experiences will create a strong foundation for your future at university.

On completion of this program block, you will have developed a comprehensive understanding of the university learning environment and will be able to successfully navigate studying at university. Additionally, you'll be able to communicate effectively in written and oral formats, engage confidently with numeracy, undertake academic research and have developed a tool kit to approach and organise your study.

Block 2 - UniStart: pathway to guaranteed entry degrees

Students who have completed year 11, SACE or a Certificate 3 can enter the Foundation Studies program or Aboriginal and Torres Strait Islander Pathway directly at Block 2 - UniStart.

Block 2 - UniStart extends your engagement with the higher education learning environment and provides foundational knowledge and skill development for your intended destination degree. The courses are designed to develop critical thinking and foster an understanding of university and career pathways while developing foundational knowledge and skills in your chosen discipline.

On completing Block 2 - UniStart, you'll be guaranteed access to a range of accepting degrees, noting that some undergraduate degrees may require a minimum GPA to qualify.

Block 3: pathway to selective entry degrees

Block 3 is designed to provide a pathway for students wanting to enter selected Adelaide University undergraduate degrees. The courses in this block build on the foundational discipline concepts established in Block 2 - UniStart, and will extend your knowledge to help you meet the entry criteria for your chosen degree.

Completing Block 3 qualifies you to apply to selective undergraduate degrees based on your GPA. Some selective undergraduate degrees with limited numbers of professional placements set caps on the intake, and entry may be competitive.

Steps to success

STEP 1

Explore your study options

Researching your study options is an important first step, and there are many different tools and resources available to help you. You could start by reading through this brochure or head online to explore our website:

adelaideuni.edu.au/study

Attending our Open Day is another great way to get a feel for what university life is like and to learn about the range of services available to support you during your university studies. You could also book a time to chat with one of our friendly future student advisors to ask any specific questions you may have.

STEP 3

Apply via SATAC

Applications open in early August for study commencing in the following year. You can apply for your chosen degrees through the SATAC website.

Before you apply, it's a good idea to familiarise yourself with the application process. This includes things like key dates and deadlines for applications, as well as SATAC fees and charges and when to pay. For more information, visit the SATAC website.

Useful links

Find your Adelaide University degree:
adelaideuni.edu.au/study

Have an enquiry:
adelaideuni.edu.au/study/enquire

Scholarships:
adelaideuni.edu.au/study/scholarships

SATAC:
satac.edu.au

STEP 2

Check you meet the eligibility and entry requirements

All degrees have entry requirements—these are specific criteria you have to meet in order to be eligible for entry into a degree. Each degree will have different entry requirements, so it's important to find out what these are for your chosen degree and make sure you can meet them.

Entry requirements can include things like:

- Prerequisites you will need to complete either during your high school (SACE/IB) studies, bridging courses or approved alternatives.
- Assumed knowledge topics that, while not essential for admission into a degree, will help prepare you for many of the topics you'll study during your degree.
- Non-standard entry requirements, such as: attending an interview, undertaking additional assessments (e.g. the UCAT ANZ), performing an audition, submitting a written statement or creative portfolio.

STEP 4

Keep your preferences up to date

As part of your SATAC application, you'll be asked to list up to six preferences—these are the six degrees you are most interested in studying. SATAC makes offers by working down your preference list, so it's important to make sure your first preference is the degree you want to study most.

If you change your mind after you've submitted your application, don't worry! SATAC allows you to check and change your preferences as many times as you want before the cut-off date for your specific offer round. For a list of key dates, visit SATAC's website.

Helpful tip: Be sure to include some 'back up' options on your application. If you need support in choosing the best back up options or pathways into your dream degree, get in touch with our friendly future student advisors.

STEP 5

Check your offer

SATAC run several smaller offer rounds, one main offer round, then continue to make offers in the lead up to the start of the study period you applied for. SATAC makes offers to the highest preference for which you are eligible. This means the degree you most want to study should be your first preference. Remember to check all email folders—including your spam folder—for your offer.

Helpful tip: Didn't receive an offer for your first preference? Don't stress—you could still be considered for future rounds!

STEP 6

Accept your offer

An offer email will be sent to the email address you provided on your SATAC application. If you have received an offer you don't need to respond, as SATAC will accept the offer on your behalf. If you would like to defer your offer until the following year, you will need to log in to your application through the SATAC website and change the response to the 'defer' option.

If the offer you received was for a degree that is not your first preference, SATAC will accept the offer but note that you would still like to be considered for an offer to your higher preference(s).

STEP 7

Welcome to Adelaide University

After accepting your offer, we'll send you an email outlining important information to help you get started at university, including your new university ID number.

At this stage, you can start to plan your timetable, enrol into your courses, attend orientation activities, and begin your university journey.

Accommodation

Whether you’re a prospective student, current student or even a family member of one of our students – our Accommodation Service can help you.

Our friendly team can:

- Provide local information, giving you a sense of what accommodation is available and how much it costs, so you can establish a realistic budget.
- Connect you to a range of long- and short-term housing opportunities, including student accommodation, private rentals, share accommodation and homestays.
- Support you to maintain suitable housing throughout your studies.

Secure your place to live

Interested in an accommodation place at Adelaide University from January 2026?

It’s easy! Complete our accommodation enquiry form to register your interest, and we’ll contact you to discuss your circumstances and options.

adelaideuni.edu.au/life-at-adelaide/accommodation

Whyalla Student Village

If you’re choosing to study at our modern, vibrant Whyalla Campus, then the Student Residential Village is the best place to live.

Students have their own bedroom and share a bathroom with one other student. A fully furnished kitchen and common living area means you can interact and study with your peers. Applications are accepted for shorter and longer-term stays.

Length of stay	Cost
Short term	\$50 per night
Long term	\$100 per week

Relocation Scholarship

Whether you’re moving to or from a regional or remote area in Australia to study, you may be eligible for a relocation scholarship.

Find out more about government relocation scholarships

servicesaustralia.gov.au/relocation-scholarship

Our campuses

Adelaide University proudly holds the largest campus footprint in South Australia. Each of our campuses has something unique to offer. Whether that's historic buildings, high-tech labs, swimming pools, farms, a planetarium, supercomputer and winery.

adelaideuni.edu.au/life-at-adelaide/campuses

We have everything you need to have fun, succeed in your studies and make friends along the way. Find safe, comfortable living arrangements close to your classes. Discover new cafes and eateries. Connect with your local community through social events and cultural activities. Relax and catch up on your readings in our peaceful gardens and lawns.

Whether you want to settle in at one of our regional campuses, find a place to stay in the heart of Adelaide city, or earn your degree online, we have the facilities to make your university experience unforgettable.

Mount Gambier Campus

Study areas available on campus:

Midwifery

Nursing

Social Work

Teaching (Early Childhood Education)

Teaching (Primary)

Teaching (Secondary)

Contemporary learning in South Australia's largest regional city

Set in the scenic Limestone Coast region, Adelaide University's Mount Gambier Campus offers contemporary learning facilities within the South Australia's largest regional city. As a major tertiary education centre for the South Australia's south-east and Victoria's south-west, our campus provides all the conveniences of a city education whilst surrounded by the natural environment.

At our Mount Gambier Campus we offer degrees across disciplines such as health, education and social work, reflecting in-demand careers within the region and beyond, plus pathway programs enabling alternative entry into university.

The perfect study destination

Mount Gambier is a major tertiary education centre for the South Australia's South East and surrounding areas including South West Victoria. There are many benefits to studying locally including:

- Located halfway between Adelaide and Melbourne
- Small class sizes with on campus support
- Strong connections to relevant industries
- Flexible learning options with the ability to condense your timetable.

● Adelaide

Study

Access a range of modern study spaces at Mount Gambier Campus, including our cutting-edge Learning Centre equipped with simulated hands-on learning environments specifically for nursing, midwifery and social work.

Our advanced IT infrastructure, including one of the nation's fastest network systems, will ensure you get the most out of your study time while on campus, while the central piazza is the ideal place for casual study sessions or group projects.

Relax

This region has an extensive sporting, nature based tourism, arts and culture that students can enjoy discovering. Throughout the year there are many different events including winery visits, social lunches, movie outings, race days and more.

A selection of fresh, tasty food is available for purchase from the nearby canteen and the student kitchen area is well equipped so you can bring your own food to simply heat and eat between classes.

Support

Feeling supported is an important part of your study experience. On campus, and beyond, you'll have access to a range of support services including career counselling, wellbeing support, study assistance, access and inclusion services, mentoring and more. Whether you are studying on campus, or 100% online, you will have full access our student support services and on campus facilities.

Flexibility

You'll benefit from a relaxed learning environment where small class sizes mean our experienced teaching staff are able to work closely with you. Strong community connections mean you'll be able to build your professional networks as you study.

Whether you are a school leaver or career changer you'll have the flexibility to plan your timetable to suit your lifestyle, including the ability to compact your contact hours across just one or two days

Whyalla Campus

Study areas available on campus:

Midwifery
Nursing
Occupational Therapy
Physiotherapy

Teaching (Primary)
Teaching (Secondary)

A regional centre of collaboration and innovation

Adelaide University's picturesque Whyalla Campus is set in the coastal Eyre Peninsula region. As the largest regional university campus in South Australia Whyalla Campus is the major tertiary education centre for the state's north-western regions. Our 22-hectare site includes an on campus residential village, providing affordable and modern student accommodation.

At our Whyalla Campus we offer degrees across disciplines such as health, education and social work, reflecting in-demand careers within the region and beyond, plus pathway programs enabling alternative entry into university.

The perfect study destination

Many students from the Eyre Peninsula, Port Augusta and Port Pirie regions choose to study at the Whyalla Campus. There are many benefits to studying locally, including:

- The ability to condense your timetable and drive home for extended weekends and holidays
- Small class sizes and personalised support
- Affordable on-campus accommodation
- Excellent industry connections for placement and employment opportunities
- Purpose-built learning facilities

The map shows the coastline of the Eyre Peninsula. Towns marked include Ceduna, Streaky Bay, Kimba, Cleve, Cummins, Port Lincoln, Port Pirie, Cowell, Laura, Crystal Brook, Clare, Adelaide, Hawker, Quorn, Port Augusta, and Ororoo. Whyalla Campus is marked with a large white dot in the central-eastern part of the peninsula.

Study

Access a range of modern study spaces at Whyalla Campus, including a centrally located student lounge. You'll have access to discipline specific and industry standard learning facilities, including laboratories and immersive simulated training spaces to enhance your learning.

Significant upgrades to our campus facilities, including advanced IT infrastructure, will ensure you get the most out of your study time while on campus.

Relax

Your university journey extends beyond academic endeavours to encompass a vibrant social campus life as well. You can attend social activities or even explore volunteering and student leadership opportunities. Meet friends between classes at the on-campus Mint Café which offers fresh and healthy snacks, meals and more.

Plus, you'll never be far from your next class if you choose to stay in our on-campus student accommodation, which is available on either a long-term or short-term basis.

Support

Feeling supported is an important part of your study experience. On campus, and beyond, you'll have access to a range of support services including career counselling, wellbeing support, study assistance, access and inclusion services, mentoring and more. Whether you are studying on campus, or 100% online, you will have full access our student support services and on campus facilities.

Flexibility

You'll enjoy a relaxed learning environment with personalised support. Small class sizes mean our experienced teaching staff can work closely with you while our strong community connections mean you'll be able to build your professional networks as you study.

You'll also have the flexibility to plan your timetable to suit your lifestyle, including the ability to compact your contact hours enabling you easily return home for work or weekends.

Adelaide City Campus

Our city campus weaves through Adelaide's central business district, surrounded by cafes, restaurants, bars, galleries and gardens. Its east and west precincts have specialised facilities, including entrepreneurial hubs, simulated health suites, space labs and creative studios. Enjoy our gyms, pool and rock-climbing wall, along with easy train, tram and bus access, nearby parking and bike storage.

Magill Campus

Tucked in the eastern suburbs of Adelaide, just seven kilometres from the city centre, Magill is home to cutting-edge research labs, a theatre and industry-standard TV and radio station. Catch a bus easily, or drive and park your car at the picturesque campus.

Mawson Lakes Campus

An innovative hub that's home to global space, technology and defence companies, you'll find robotics and engineering labs, flight simulators, and the awe-inspiring Adelaide Planetarium at Mawson Lakes Campus. It's just 12 kilometres from the city, with plenty of on campus parking.

Roseworthy Campus

This hub for animal and agricultural research is 50 kilometres north of Adelaide, with an equine health centre, aquatic reserve and livestock farm. Enjoy on-campus parking, meals at Maitidli Cafe, and a swimming pool – all right near South Australia's premier wine region.

Waite Campus

This leafy campus in the Adelaide foothills specialises in world-class agriculture and wine research. It has stunning gardens, including the Waite Arboretum, and a commercial-grade teaching winery. You can take advantage of on-campus parking or catch the bus with ease.

Are you ready to launch your future?

Register for Open Days 2025

Join us on campus to explore the launch pad for your bright future – Adelaide University.

With the largest campus footprint in South Australia, we will be hosting open days and experiences at all our metropolitan and regional campuses.

Discover our dynamic spaces and facilities and learn all about our 400+ degrees across 22 diverse study areas. Engage your curiosity and chat with staff, or have some fun around campus with activities and entertainment.

your interest.

Your study checklist

- ☐ Explore study options.
- ☐ Does this degree lead to my career goal?
- ☐ Do I like the subjects in this degree?
- ☐ Why does this degree interest me?
- ☐ Do I meet the eligibility requirements?

My SATAC preference list

- 1
- 2
- 3
- 4
- 5
- 6

Tip: Remember to include back up options and pathways in your SATAC application

Key dates

100% online applications open:
July 2025

SATAC applications open:
Early August 2025

Early application deadline:
30 September 2025

Change of preference deadline:
Early January 2026 (check SATAC website)

Main offer round:
Early January 2026 (check SATAC website)

Applying to Adelaide University

How to apply

Applications to most Adelaide University undergraduate degrees are made online via SATAC:

satac.edu.au

Applications open in early August. Apply before 30 September to avoid paying the SATAC late fee. You can add and swap preferences for most programs until the Change of Preference deadline in early January 2026, except for a handful of programs (including Bachelor of Medical Studies/Doctor of Medicine, Bachelor of Science (Veterinary Bioscience), Bachelor of Oral Health, and Bachelor of Dental Surgery) which close to new preferences on 30 September.

Entry pathways

As part of its founding charter, Adelaide University has committed to delivering higher education for everyone, no matter their educational background. We offer pathways to study that support a diverse range of learning needs. These options include Year 12 entry, International Baccalaureate (IB), Grades-based entry, STAT, TAFE, and our preparatory programs, Foundation Studies and the Aboriginal and Torres Strait Islander Pathway.

To find out more about the available pathways, see pages 16 and 18.

Adjustment factors

SATAC centrally administers two South Australian universities adjustment factors schemes. The two schemes are the Universities Equity Scheme and the Universities Language, Literacy and Mathematics Scheme.

satac.edu.au/adjustment-factors

Degree intake

Many undergraduate degrees will allow students to commence study in February or July. Please refer to individual degrees to check whether midyear entry is available. For students looking to study 100% online we have intakes throughout the year.

Deferring your studies

Most undergraduate degrees can normally defer for 12 months. Please refer to specific degrees for exceptions.

English language requirements for international students

All international students undertaking an Australian Year 12 program are required to achieve a Pass grade or above in one of the approved English as a Second Language or English language subjects. If an applicant attempts but does not pass the English language subject, then alternative options, such as an acceptable English language proficiency test result, may be arranged.

Successful completion of the International Baccalaureate (IB) diploma meets the English language requirements of Adelaide University.

Unique Student Identifier

A Unique Student Identifier (USI) is your individual education number for life. It creates an online record of your education and training undertaken in Australia. If you are at university you need a USI. Without one, you cannot receive Commonwealth financial assistance, or your qualification or statement of attainment.

For more details, visit:

usi.gov.au/students/get-a-usi

More information

Find answers to your questions using our online Knowledge Base, or our helpful staff can respond.

adelaideuni.edu.au/about/faqs

HECS Higher Education Loan

A HECS-HELP loan allows students to borrow from the Australian Government to cover some or all of their student contribution. To be eligible for HECS-HELP, you must be studying in a Commonwealth Supported Place.

Students who receive HECS-HELP will have part of their entire student contribution amount paid to Adelaide University by the Australian Government, and a HECS-HELP debt recorded for them with the Australian Taxation Office (ATO). Students then become responsible for repaying this debt later through the Australian taxation system.

For more information on HECS-HELP loans, visit:

studyassist.gov.au

Student services and amenities fee

Students are charged an annual student services and amenities fee (SSAF) to assist with the funding of student services and amenities at the University. Eligible students may defer this fee to an SA-HELP loan.

Additional costs

Students may be required to pay for specialist equipment and reading materials, or may incur other incidental costs throughout their studies. Students are advised not to purchase any equipment until they receive their faculty/school handbook, available during Orientation.

2025 fees and costs

Student Contributions for Commonwealth Supported Places are regulated by the Government. Contributions are calculated at the course level, not the program level, according to the area of study that each course falls within. As a guide the 2025 Student contribution bands are shown below. The Government indexes Student Contributions annually.

adelaideuni.edu.au/study/how-to-apply/entry-requirements/commonwealth-supported-students

Areas of study	Student contribution per 1 EFTSL (48 units)
Agriculture, Education, English, Indigenous and Foreign Languages, Mathematics, Nursing, Statistics, Postgraduate Clinical Psychology	\$4,627
Allied Health, Built Environment, Computing, Engineering, Environmental Studies or Science, Other Health, Visual and Performing Arts, Surveying, Pathology, Professional Pathway Psychology or Professional Pathway Social Work	\$9,314
Medicine, Dentistry or Veterinary Science	\$13,241
Accounting, Administration, Commerce, Communications, Law, Society and Culture	\$16,992
